## **Prof. Albert Kojo Sunnu Appointed New Head of Mechanical Engineering Department**

The Gambia University of Applied Science, Engineering and Technology (USET) Governing Council and administration is delighted to announce the appointment of Associate Prof. Albert Kojo Sunnu. Associate Professor Albert Kojo Sunnu has been appointed Head of Mechanical Engineering Department of the College of Science and Engineering (CSE) at USET in The Gambia. He has over 20 years of experience working as a mechanical engineer. His appointment as Head of Mechanical Engineering Department took effect on the 1<sup>st</sup> May 2023. It came after a thorough and rigorous interview process where he demonstrated unique qualities that are desirable in working as the head of mechanical engineering department. Such qualities include professional, academic and leadership skills which will contribute significantly to the development of USET.

Associate Prof. Sunnu started his career at the Kwame Nkrumah University Science and Technology (KNUST). Whiles in KNUST, Prof Sunnu rose through the ranks and then to the rank of Associate Professor.

We have no doubt that Associate Prof. Sunnu will work hard and deliver to expectation due to his track record, diligence, dedication, research and administrative skills. He will also help to drive and advance the USET mission and vision. Whiles we congratulate him on his successful appointment, we wish Associate Prof. Sunnu a successful tenure at USET
